

Royal Society of Chemistry Industrial and Technology Forum

PROCESS TECHNOLOGY GROUP

Bulletin No. 55: Spring 2006

CONTENTS

- 1 Annual General Meeting 2006**
  - 1.1 Notice of Meeting
  - 1.2 Agenda
  - 1.3 Elections
  - 1.4 Treasurers Report
  
- 2 From the Chair**
  - 2.1 The Party's Over
  
- 3 Technical Articles**
  - 3.1 What Chemical Products Pick up from Polymers
  - 3.2 Studying Crystal Nucleation
  - 3.3 Molecular Modelling: Towards Improved Pharmaceutical Processes
  
- 4 Reports**
  - 4.1 Talking Point – One Year Plan for PTG
  - 4.2 Way forward for Bulletin
  
- 5 Recent Events**
  - 5.1 Sludge 14
  
- 6 Future Meetings**
  - 6.1 Chemical Engineering for Scientists
  - 6.2 Introduction to Polymer Technology
  - 6.3 XVII International Conference on Chemical Reactors  
CHEMREACTOR-17, and post-Symposium "Catalytic Processing  
of Renewable Resources: Fuel, Energy, Chemicals"
  - 6.4 Crystal Growth of Organic Materials 7th edition (CGOM 7)
  - 6.5 Chemistry 4 Chemical Engineers
  - 6.6 Concepts of Chemical Engineering for Chemists
  - 6.7 RSC Process Technology Award for Innovation
  - 6.8 Sludge 15
  
- 7 On a Lighter Note**
  
- 8 From the Editor** (Joanne Waterson, [jwaterson@ipolytech.com](mailto:jwaterson@ipolytech.com))
