

# The UK's Second Annual Academic Sponsored Hyperspectral Imaging Conference

16 – 18 May 2011, Glasgow, Scotland

## EXTENDED CALL FOR PAPERS DEADLINE

The Centre for excellence in Signal and Image Processing (CeSIP) at University of Strathclyde has extended its Call for Papers for **HSI 2011** until **Tuesday 15 February 2011**. HSI 2011 aims to bring academic and industrial practitioners together to share their knowledge of innovation in hyperspectral imaging technology. Accepted papers will describe in detail critical implementation issues and the latest applications of this technology. The conference programme will include oral and poster sessions, a tutorial programme, demo presentations and a number of invited speakers.
