

Building Sustainable Solvent Solutions for Industry

Thursday, 30th April 2015, 9.30am—5.30pm

Green Chemistry Centre of Excellence (GCCE), Department of Chemistry, University of York

A one-day symposium on safer, greener and more sustainable solvents in industry

- Learn which widely used solvents will be restricted / banned in the near future and the alternatives that the GCCE can help to find.
- Find out which alternative solvents are sustainable and economically attractive compared with conventional organic solvents.
- Guidance on how we can help your business with greener solvents from our experts in solvents research.
- Listen to talks from companies that can supply alternative solvents and those who are currently benefitting from using them, such as Circa.
- Opportunities for knowledge transfer, discussion and networking.

Who Should Attend?

This conference would be of interest to academics and industrialists working in all areas where solvents are used including chemicals and pharmaceuticals, cleaning, formulations, inks and pigments, extractions and analysis.

Register your place by Monday 27 April 2014 at <http://solventsolutions.eventbrite.co.uk>

If you would be interested in giving a talk (of which there is some limited space for) or exhibiting a poster at this event, please get in contact. Email katy.holiday@york.ac.uk.
