

# 8th RSC Fluorine Subject Group Meeting

September 11<sup>th</sup> – September 12<sup>th</sup> 2008, Newcastle University

## Call for Papers

### Keynote Speakers:

- Professor W. R. Dolbier Jr. (University of Florida, USA)
- Professor D. Bonnet-Delpon (Laboratoire BioCIS-CNRS, France)
- Professor K. Seppelt (Freie Universität Berlin, Germany)

An **integral part** of this event is the presentation of **research results by postgraduates**. This is by way of an **oral communication** (20 min) or a **poster presentation**. Researchers wishing to present their work in either way should submit a one page (A4) abstract including the title, authors' names, a summary of the results to be presented and key references. On the registration form please also specify *oral communication* or *poster presentation* and your year of study when applying. Abstracts should be sent by post or by email (preferred). It is anticipated that for all postgraduates giving an **oral communication** registration, travel and one night's accommodation costs will be covered by a bursary.

**For Registration & Abstract details see:** <http://www.ncl.ac.uk/nscl/about/events/fluorine08.htm>

### Registration Fees

Fees for the meeting are at the following rates:

<b>Students</b>	£75 Registration fee <i>plus</i> £45 En-suite room per night
<b>Others</b>	£100 (Academic) or £125 (Industrial) Registration fee <i>plus</i> £45 En-suite room per night

The **registration fee** includes:
