

Automated Synthesis Forum 2022

Scientific meeting and exhibition
AstraZeneca, Macclesfield, UK

28th / 29th November 2022

**Automated
Synthesis
Forum**

Showcasing chemical technologies since 1996

List of Confirmed Speakers

Teodoro Laino	IBM Research	<i>Plenary lecture: Data-driven Molecular Design</i>
Brenda Pijper	Janssen	<i>Flow Chemistry</i>
Georg Wuitschik	Roche	<i>Automated High Throughput Experimentation</i>
Daniel Maddox	Vernalis	<i>Challenging Flow Chemistry</i>
Richard Bourne	University of Leeds	<i>Automated Flow Chemistry Processes</i>
TBC	Merck Millipore	<i>Synthia™ Retrosynthesis Software</i>
Raymond Wong	Shimadzu	<i>Micro-scale SFC</i>
John Reilly	Novartis	<i>Absys-SFC – a user perspective</i>
Nikolay Cherkasov	Stoli Chem	<i>Multipurpose Continuous Reactors</i>
Wouter Stam	Flowid	<i>Flow Reactor for Chemical Process Development</i>
Simon Yates	AstraZeneca	<i>HTE – Capabilities and Future Trends</i>
Duncan Browne	University College, London	<i>Mechanochemistry</i>
Piotr Byrski	Molecule.One	<i>Retrosynthesis Software</i>
