PCFM'20

MALATYA - TURKEY
22-24 JUNE 2020

The 3rd International Conference on Physical Chemistry and Functional Materials
(PCFM-2020)

Topics

Astrochemistry
Biochemistry
Biomaterials and Their Applications
Ceramics and Composite Materials
Computational Methods
Crystallography and Scattering Methods
Electrical/Electronic Optical and Magnetic Materials
Emerging Smart Materials
Food Technology
Gas-phase reactions
Green Chemistry
Kinetics and Dynamics
Materials Science Engineering
Mathematical Physics
Nanomaterials and Nanotechnology
Natural Science
Nuclear Scattering and Reactions
Organic Semiconductors and Devices
Polymer Science and Technology
Radiation Physics and Radiation Protection
Shape-Memory Alloys
Spectroscopy, Photochemistry and Excited States
Spintronics
Superconductors and Technological Applications
