The Ramanbhai Foundation 4th International Symposium on "Recent Advances in Pharmaceutical Sciences" will be held in India from February 2-5, 2009, with a focus on research in the area of cardiovascular and metabolic diseases such as atherosclerosis, hypertension, heart failure, diabetes and obesity.

The 2009 meeting aims to bring together the scientific community from across the world, both from academia and industry, to deliberate upon unmet medical needs, new research initiatives, etc., to combat these global epidemics. Over the past several years, RBF symposium has been recognized as the premier event in this part of the world, and has drawn significant participation by the research community worldwide.

We invite you to join us in 2009 for this event.

Conference Highlights and Features:

- Renowned Scientists as Keynote Speakers
- Pre-symposium workshop on Latest Technologies in Cardiometabolic research
- Discussions on Profiles of NCEs
- Case Studies from both academia and industry
- Panel Discussion at the end of each session
- Poster sessions from both academia and industry
- Best scientific poster awards
- Interact & Learn from Therapeutic Area Heads and Scientific Experts
- Networking Sessions
- Experience Incredible India
