

# Application of Modern Tools in Organic Synthesis

Edinburgh University Summer Program sponsored by Biotage

## Recognised by the RSC for the purposes of Continuous Professional Development

Join Mark Bradley and other recognized speakers for a 3-day program covering the latest discovery chemistry tools and technology from synthesis to work-up, purification and evaporation.

Leading academic and industrial experts will present a series of lectures on solid-supported reagents and scavengers in microwave synthesis, catalyst removal and reaction work-up solutions. The practical hands-on sessions focus on removing process bottlenecks and streamlining workflows with Biotage microwave and flash purification systems, scavengers, reagents and reaction work-up products.

The conference is ideal for newly qualified discovery chemists and academics looking to gain the latest practical approaches for rapid production of novel compounds.

Held in the beautiful city of Edinburgh there are excellent rail links throughout the UK and numerous direct scheduled flights from major airports, both in the UK and overseas ([www.edinburgh.org](http://www.edinburgh.org)).

### Topics include:

- Solid-bound reagents and scavengers in microwave assisted organic synthesis
- Microwave-accelerated metal-catalyzed transformations
- Improved efficiency integrating synthesis and purification
- Solutions for reaction work-up
- Flow synthesis

### Speakers include:

**Dr Doris Dallinger**, University Graz, Austria.

**Dr Mark C Bagley**, Cardiff University, UK.

**Prof. Mark Bradley**, Edinburgh University, UK.

**Dr Valery Fokin**, The Scripps Research Institute, USA.

**Dr Paul Watts**, University of Hull, UK.

**Prof. Giancarlo Cravotto**, University of Turin, Italy.

**Mr Richard Jones**, Thalesnano, Hungary.

**Dr Sunil Rana**, Biotage, UK.

### Poster Session

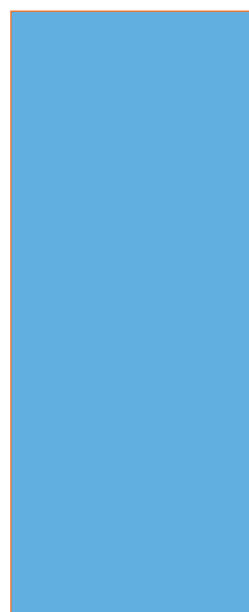

There is also an opportunity available to display a poster, if you wish to do so. Posters will be on display during the breaks and will provide a good chance to share information with your peers.

## Conference Dinner:

### The Scotch Whisky Experience

The Scotch Whisky Heritage Centre, 354 Castlehill,  
The Royal Mile, Edinburgh, EH1 2NE.

[www.whisky-heritage.co.uk](http://www.whisky-heritage.co.uk)

The Scotch Whisky Experience brings 300 years of Scotch Whisky history to life. Experience the sights, sounds and smells of whisky and discover how it's made. Enjoy excellent Scottish food and watch authentic piper and highland dancers.

## Location:

### Edinburgh University

School of Chemistry, Joseph Black Building, West Mains Road, Edinburgh, EH9 3JJ.

## Dates/times:

**29th July 8.45-5.00, 30th July 9.05-5.00, 31st July 9.05-3.30.**

Attendee fee: **£320.00 (€416.00)** Conference dinner fee: **£30.00 (€39.00)**

Accommodation fee per night: **£51.20 (€67.00)**
