# A Celebration of Organic Chemistry

Monday 13 - Tuesday 14 September 2010, GlaxoSmithKline, Herts, UK

## Synopsis

The SCI Fine Chemicals Group, in association with GlaxoSmithKline is pleased to announce "A Celebration of Organic Chemistry". This meeting will be held at the GlaxoSmithKline Stevenage site in Hertfordshire. This is the fourth in the series and will include talks by leading UK, US and European academics. The theme of the 2010 meeting is "High impact contemporary Organic Synthesis". The meeting will therefore be of immense value to scientists who wish to be informed of the latest developments in this field of research.

## Registration

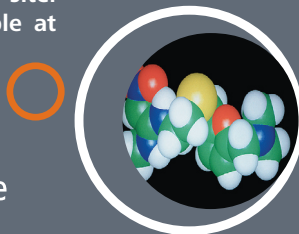

Sponsorship by GlaxoSmithKline has allowed the registration costs to be very competitive. The fees will be confirmed in the second circular (available Spring 2010).

## Venue

GlaxoSmithKline will host the meeting at its purpose-built conference facility within the Stevenage Research and Development site. Accommodation will be available at several nearby hotels.
