Materials Chemistry Poster Symposium

17 November 2022, London, UK

The biennial Materials Chemistry Poster Symposium is the Material Chemistry Communities flagship event for early career researchers. The symposium brings together outstanding PhD students and early career industrial researchers, providing a fantastic opportunity to present and showcase their work to peers, leading academics, RSC prize winners and industry representatives.

The two best posters selected by our judges receive free registration to the next prestigious MC conference. Attendees also vote for their favourite poster to win a prize sponsored by the RSC's Journal of Materials Chemistry.

The funds raised from sponsorship will enable the students to participate in the event free of charge.

Headline Sponsor (exclusive) £5000

- Exclusive sponsorship of the poster session with logo in prominent position
- Logo on event marketing
- Company logo on abstract book front cover and event webpage
