Poster session

The conference lunch break is devoted to posters, 11.40 – 14.00. Corresponding authors may make a presentation of up to 3 minutes if attending in person or submit up to 200 words to be read out on their behalf if they are unable to attend in person (optional).

Topic

A broad interpretation of the conference title is acceptable as the subject of any posters.

Practicalities

Vertical (portrait) A1 (841 x 594mm) is the preferred format but horizontal (landscape) is acceptable.

Registered delegates wishing to submit posters should confirm to the organisers at isotopesrsc@gmail.com by **8 June 2022**. Printed versions of posters should be brought by those attending in person, but people unable to attend may send a print quality file by **8 June 2022** to allow time for a copy to be printed.

If including any unpublished data, be aware that the posters will be visible online to those attending the conference remotely.

We recommend that you print out A4 handouts of your poster which can be left in a punched plastic wallet with your poster for interested delegates.

Competition

Electronic versions of posters may be submitted to isotopesrsc@gmail.com for a 'best poster' competition, deadline 8 June 2022. The winning poster will be awarded the J.D. Bu'Lock poster prize. The three anonymous assessors will use the following mark-scheme: Innovation (15) Method & Rigour (10) Visual & Presentation impact (15) = Total (40)

The winner and two runners-up will be announced at the start of the afternoon session. Let the organiser know if you do not wish to be considered for the competition.
