## Synopsis

Are you a chemist or engineer who is considering your career options in catalytic science? Want to find out about the current challenges, and hear personal accounts of catalytic scientists working in the different chemical sectors? Come to this one-day career's event at Imperial College London, dedicated to catalysis.

Speakers from academia and industry will give a personal account of their experience working in the field of catalytic science, at the cutting-edge of technology. Keynote speakers from industry will also be able to outline the exciting opportunities in Catalysis in the different sectors. Research students are welcomed to present their work as posters.

Registration (including lunch, tea/coffee and wine reception) is FREE but compulsory. It is anticipated to be a highly popular event, so book early to avoid disappointment!

## Posters

The deadline for poster submissions is **1 September 2012**. Please submit a 100 word poster abstract to Mrs. Agnes Lee ([agnes.lee@imperial.ac.uk](mailto:agnes.lee@imperial.ac.uk)) and entitle your email 'poster abstract: Celebration of Catalysis 2012'.

## Registration

Registration for this event is free but compulsory, using the form provided (below).
