

Young Researchers Symposium

University of Leeds, 13th September 2012

Plenary Lecture

Paramjit Arora (NYU)

Invited Speakers

Dan Davis (Imperial College London)

Chun-wa Chung (GSK)

Exclusive Bursary Competition

Is there a lab you want to visit to learn a new technique or a workshop you are dying to go to? Here is your chance to win funding for it!

Plan a 3 minute elevator pitch for up to £1000 and deliver it to us on the day for your chance to win. See below for more details on how to apply.

Attendance is Free

This symposium aims to provide a platform for early career Protein-Protein Interactions researchers from a broad range of backgrounds to come together, share their work and discuss the latest research. In addition to our excellent guest speakers there will also be opportunities for young researchers to present their work through short talks and posters chosen from abstracts. Please submit your abstract when you register for the symposium. The symposium will be held in the Chemistry Department and will begin at 10.30 am.

Registration in advance at ppi-net.org/events or click [here](#)

Bursary Competition T&C

We are offering you the unique opportunity to pitch for up to £1000 funding on the day for you to spend on learning a technique in a new lab or to attend a workshop. In order to have a chance of winning this please submit an A4 page detailing your case, and prepare a 3 minute pitch to be presented to a panel of judges on the day. Applicants will be allowed to use one presentation slide and the winners will be announced on the day.

If you have any questions please contact us at yr2012@ppi-net.org
