

The BCPC Congress

2013: Focus on European Regulatory Affairs

1-2 OCTOBER | HILTON METROPOLE HOTEL, BRIGHTON | UK

Presentation Programme

The programme of presentations, delivered by influential industry representatives, internationally recognised scientists and senior regulatory authority experts, will explore the effects of a challenging regulatory environment on the status of, and future prospects for, the plant protection industry.

Each day will start with a plenary session followed by parallel streams on regulatory affairs, specialist topics, product stewardship and public relations.

Further information on the speakers can be found at www.bcpcongress.org
