

The Analytical Biosciences Group is holding a joint meeting with the bioProcessUK Formulation Group to examine some of the challenges facing formulation scientists in the biopharmaceutical industry.

9:45am to 4:30pm, October 22nd 2009
Royal Society of Chemistry
Burlington House
Piccadilly, London

The meeting will cover aspects of Formulation Development such as stability of vaccines and Novel tools for Accelerated Biopharmaceutical Development, and aims to promote understanding and foster networking amongst the UK biopharmaceutical community by inviting delegates and introducing speakers from a wide range of academic and industrial backgrounds. There will be a poster session and a showcase for students and researchers working in the field.

An agenda and full speaker list will be presented soon, however, as places are limited, we recommend that you book your place immediately. Those wishing to present posters should contact bioProcessUK as soon as possible as there are a few bursaries available. Please note that poster numbers are unfortunately limited.

The meeting is free to attend, to register please contact:

Victoria Buckley, Marketing Manager, bioProcessUK

<http://www.bioprocessuk-website.org/>

The Analytical Biosciences Group would like to highlight that bursaries are available to the value of £500 to allow UK-based students working in the subject area to travel to or attend conferences.

To apply for a bursary, please send an abstract of your work (250 words) and details of the conference that you wish to attend. All awards are at the Committee's discretion, please contact the group with your application.
