

10th Post Graduate Research Topics Meeting in Electroanalysis and Sensing

1st December 2015 at Birkbeck, University of London

The Electroanalytical Sensing Systems Group (EASSG) of the Analytical Division, Royal Society of Chemistry is organising the 10th Meeting for Post Graduate Research Topics in Electroanalysis and Sensing.

- We would like to invite a contribution from your Group and/or attendance at the meeting – contributions of work in progress are particularly welcome.
- The meeting will be free of charge to all attendees but advance registration of interest by e-mail is requested so any changes to the program can be communicated.
- The EASSG will pay travel costs (equivalent to a 2nd class off-peak rail fare with student rail card) for speakers. (Contact: Prof. Brian Birch b-birch@sky.com)
- Start time will be 2.00pm with talks of 20 minutes and an anticipated finish by 5.00pm.
- Contributors are requested to offer a title as soon as possible and will receive rapid confirmation regarding speaking slots. (Contact Dr Jonathan Slater j.slater@bbk.ac.uk)
- The meeting will take place in Room 204, Birkbeck Russell Square Building, 28 Russell Square, London. (No. 5 on the map,)
