

# NANO materials: Applications & Properties-2020

IEEE International Conference on  
Nanomaterials:  
Applications & Properties  
#NAP2020

**In Virtual Format**

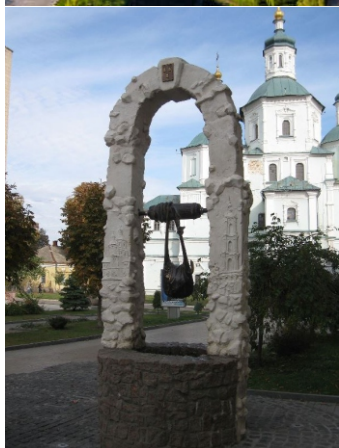

## Conference Chairs

Prof. Alexander Pogrebnjak  
Sumy State University, Ukraine  
alexp@i.ua ☎ +380 68 652 96 47

**Nov. 9-13, 2020  
Sumy, Ukraine**

## Main Topics

- ~ Nanomaterials Synthesis & Self-assembly
- ~ Thin Films & Coatings
- ~ Nanoscale Imaging & Characterization
- ~ Nanophotonics
- ~ Transport Properties in Nanoscale Systems
- ~ Nanomagnetism & Magnetic Materials
- ~ Superconductivity in Nanoscale Systems
- ~ Nanodevices & Sensors
- ~ Nanomaterials for Energy & Environment
- ~ Biomedical Applications
- ~ Theory, Modeling & Interdisciplinary Topics

## Benefits

- ~ One of the largest nanoconferences in Eastern Europe
- ~ Internationally renowned Invited Speakers
- ~ Interesting interdisciplinary scientific program
- ~ Best presentation awards
- ~ Exceptional Ukrainian hospitality, now in a virtual format
- ~ Scopus & Web of Sciences indexed Conference Proceedings

## Important Dates

- ~ Submission opened: July 1, 2020
  - ~ Submission closed: August 31, 2020
  - ~ Acceptance notification: October 19, 2020
  - ~ Program posted online: November 1, 2020
