

Thermodynamics and Kinetics of Surfaces and Interfaces from Simulations TYC Workshop

22nd - 24th June 2011

Speakers:

Michel Dupuis (Pacific Northwest National Laboratory, USA)
Bernd Meyer (Uni Erlangen, Germany)
Steve Parker (University of Bath, UK)
Mira Todorova (Max Planck Institute- Düsseldorf, Germany)
Richard M. Martin (University of Illinois at Urbana-Champaign, USA)
John Venables (Arizona State University, USA)
Tom Trevethan (University College London, UK)
Marco Cecchini (Université de Strasbourg, France)
Sara Fortuna (CNR-IOM Simulation Center and SISSA, Italy)
James Morris (Oak Ridge National Laboratory, USA)
Stefano Angioletti-Uberti (Imperial College London, UK)
Max Berkowitz (University of North Carolina, USA)
Susan Perkin (University College London, UK)
Marco Sacchi (University of Cambridge, UK)
Tonek Jansen (Eindhoven University of Technology, Netherlands)
Luis Gomez-Hortiguera (Instituto de Catalisis y Petroleoquimica, Madrid, Spain)
Roger Rousseau (Pacific Northwest National Laboratory, USA)

Conference organisers:

Ricardo Grau-Crespo (University College London)
Lev Kantorovich (King's College London)
Andrew Horsfield (Imperial College London)
Glenn Jones (University College London)
Mike Gillan (University College London)
Alex Schluger (University College London)
Alessandro de Vita (King's College London)
Mike Finnis (Imperial College London)
Angelos Michaelides (University College London)
Joanna Rooke (Central TYC administrator) Contact: tyc-administrator@ucl.ac.uk

Venue: Christopher Ingold Bldg, Department of Chemistry, UCL

Workshop Registration: £60 (£30, TYC PhD Students)
