

Knowledge and Need
Assessment of
Pharmaceutical
Products in
Environmental waters

Environmental Stewardship of Pharmaceuticals & Policy Instruments

Workshop

29th-30th April 2008
Central Science Laboratory, York, UK

THE UNIVERSITY of York

The Knowledge and Need Assessment of Pharmaceutical Products in Environmental Waters (Knappe) project is a Framework 6 Specific Support Action, which aims to identify the relevant priority actions to be taken in order to reduce presence, impacts and risk of Pharmaceutical Products (PPs) in environmental waters (<http://www.knappe-eu.org>).

Aim of the Event

This workshop aims to bring together a wide range of stakeholders to explore:

- ◇ How the impact of PPs can be reduced at all stages in their lifecycle
- ◇ Approaches to monitor the potential impacts of a PP on the environment post-authorisation
- ◇ The design of policy instruments to limit discharge of PPs into the water environment

The two-day workshop will consist of a blend of both presentations and breakout sessions. Key note addresses will be delivered by:

- ◇ Prof. David Taylor, Director of Environment and Sustainability, **AstraZeneca**
- ◇ Dr Christian G. Daughton, Chief, Environmental Chemistry Branch, **U.S. Environmental Protection Agency**
- ◇ Dr Kornelia Green, Head of Sector - Safety of Veterinary Medicines, **European Medicines Agency (EMA)** (tbc)

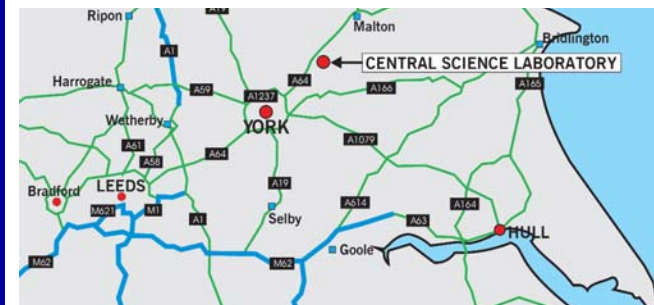

The breakout sessions will provide an opportunity for exchange of ideas and suggestions of future actions for the area. They will also focus on key issues raised by the Knappe partners following desk-top studies. The first discussion documents arising from these studies are available on the Knappe website. Additional documents will be made available soon.

Who should attend?

The workshop is open to all and is aimed at organisations and individuals with an interest in stewardship of pharmaceutical products and policy instruments e.g. regulators, industry, doctors, NGOs, academics and other relevant organisations. **Please note the workshop is free of charge, and places will be reserved on a first come, first served basis.**

The Venue

The Central Science Laboratory (CSL) is in Sand Hutton approximately 7 miles (11km) north-east of historic York which has excellent road and rail links to the rest of Britain. York is about 230 miles (370km) north of London. Comprising of a suite of rooms conveniently located in one area of CSL's impressive laboratory complex, Lakeside Conference Centre provides a flexible range of accommodation. Transport will be provided between the conference hotel and the conference centre, and is free of charge to delegates.

Accommodation

A special rate of £70 inc. bed and breakfast has been negotiated for workshop delegates at Hotel 53, Piccadilly, York (<http://www.hotel53.com>; Tel: +44 (0) 1904 559000). If you wish to reserve a room at this hotel, please quote code **LAB254** when making the booking. Please note that this rate is only available until **Tues 25th March 2008**. Alternative accommodation is available in York at a range of prices. More information can be found by visiting York Tourism (<http://www.visit-york.org/>)

Social Programme

On the evening of the 29th April, a drinks reception will be held at Bedern Hall, a 14th Century building located in the heart of York (<http://www.bedernhall.co.uk/>).

PROGRAMME

Tuesday 29 th April			
10:00 - 10:30	Registration and Coffee		
10:30 - 11:00	Welcome & background to the KNAPPE project with particular reference to Work Packages 3 & 5		
11:00 - 11:35	Plenary - Prof. David Taylor, AstraZeneca		
<i>Parallel Sessions</i>	<i>Ecopharmacovigilance</i>	<i>Ecopharmacostewardship</i>	<i>Policy Instruments</i>
11:35 - 12:50	Monitoring strategy scenarios	Sustainable Pharmacy: towards greener PPs	Policy Instruments: EU & national framework
12:50 - 14:20	Lunch & Networking		
14:20 - 14:55	Plenary - Dr Christian Daughton, US EPA		
<i>Parallel Sessions</i>	<i>Ecopharmacovigilance</i>	<i>Ecopharmacostewardship</i>	<i>Policy Instruments</i>
14:55 - 16:10	Monitoring and Analytical Methodology	Driving Greater Uptake of Ecopharmacostewardship Approaches	Discussion on Policy Instrument Mix and Design
16:10 - 17:30	Summing up: Ecopharmaco-vigilance and -stewardship		Summing up: Policy Instruments
Close	<i>Coaches depart for York City Centre</i>		
18:00 onwards	Drinks Reception		

Wednesday 30 th April			
09:00 - 09:30	Arrival and coffee		
09:30 - 10:05	Plenary – Dr Kornelia Green, EMEA (tbc)		
<i>Parallel Sessions</i>	<i>Ecopharmacovigilance</i>	<i>Ecopharmacostewardship</i>	
10:05 - 11:20	Ecotoxicology identification of relevant information	Classification & Labelling and New Strategies	
11:20 - 12:30	Group discussion and summing up (including policy instrument report and further steps)		
12:30 - 14:00	Lunch & Networking		
Close	<i>Coaches depart for York City Centre</i>		

REGISTRATION FORM

PLEASE NOTE THIS WORKSHOP IS FREE OF CHARGE

Please reserve me a place at the workshop

ANY SPECIAL DIETARY REQUIREMENTS? (Please specify)

ANY OTHER SPECIAL NEEDS?

I would/would not like to attend the drinks reception on Tuesday 29th April (*delete as appropriate*)

Please indicate which of the following sessions are of interest to you (*tick all that apply*)

Ecopharmacovigilance ☐
 Ecopharmacostewardship ☐
 Policy Instruments ☐

Please return this registration form no later than Monday 14th April 2008 to:

Louise Summerton Tel: +44 (0) 1904 434546
 Green Chemistry Networks Manager Fax: +44 (0) 1904 432705
