

First Scottish Postgraduate Symposium on Environmental Analytical Chemistry

Wednesday 17th September 2008

Sponsored by

Royal Society of Chemistry, Analytical Division, Scottish Region

Invited speaker: Dr Jeffrey Bacon, The Macaulay Institute, Aberdeen

This one day meeting is aimed at scientists, particularly postgraduate students and postdoctoral workers, who apply chemical analysis to the environment. It will provide a chance for early-career researchers to meet other workers and to give presentations, either orally or in the form of a poster.

Time and venue

10:00 am – 4:00 pm, Joseph Black Building, University of Glasgow.

Presentation

Those wishing to present their research should submit an abstract (max 1 side of A4) before 31st July 2008. Please indicate whether you prefer oral or poster presentation. Please note, however, that oral slots are limited and so the organizers may have to make a selection from those submitted.

Cost

Attendance is free but spaces are limited to a maximum of 50 delegates so please register as soon as possible and, at the latest, by 31st July 2008. A sandwich lunch will be provided. Please indicate if you have special dietary requirements.

For further information, to register, or submit an abstract, contact:

Dr Ian Pulford WestCHEM, Department of Chemistry, University of Glasgow, GLASGOW G12 8QQ.
