

ICRM 2011

5th International Chemometrics Research Meeting

Chemometrics Society

First Announcement

ICRM 2011

The Dutch Chemometrics Society invites you to the
5th International Chemometrics Research Meeting

25-29 September 2011

The meeting is organized under the auspices of the
Royal Netherlands Chemical Society

Following successful earlier meetings in 1994, 1998, 2002 and 2006 the format of the conference will be such that lectures reflect the current state-of-the-art in chemometrics and will be a starting point for extended discussions and exchanges of views

Scientific Program

Like previous ICRM meetings, the scientific program consists of **invited lectures** of 50 minutes, and ample time for discussions. These discussions will be introduced by a discussant. At this 5th ICRM, also time has been reserved for **contributed lectures**. We invite you to submit abstracts for oral contributions, as well as for the two **poster sessions**. Abstracts can be submitted through the conference website. Submission deadline is May 1st 2011.

Conference topics

The conference will cover the most state-of-the-art topics in the field of Chemometrics, including:

- Multivariate data analysis, calibration and classification,
- Multi-block and multi-way methods,
- Process Chemometrics,
- -Omics related Chemometrics

Keynote lecturers

Several prominent researchers in the field of chemometrics and statistics have committed to provide a keynote lecture at the conference (for more information see the conference website):

- Jim Ramsay
- Keith Baggerly
- Anna de Juan
- Alberto Ferrer
- Rasmus Bro
- Johan Westerhuis
- Tormod Næs
