

Mineral Carbonation:

Identifying the R&D Priorities

Workshop (free)

10am-4:45pm Wed 28th Nov 2012

RSC, Burlington House, London*

Do you have a commercial interest or research expertise in mineral carbonation? If so, CO₂Chem & ESKTN invites you to participate in a workshop to identify & discuss:

- applications & roadmap
- key R&D priorities
- barriers to progress
- UK strengths & activities
- ETI's findings on large-scale CO₂ mineralisation in UK

Places are limited. RSVP with your contact details & one sentence outlining your interest in mineral carbonation to:

michael.priestnall@cacaca.co.uk (Industry Chair of Mineralisation Research Cluster, UK CO₂Chem Network).

If you can't attend, but would like a summary of the workshop outputs, please let us know. More info at: <http://co2chem.co.uk/>.
