

**14th International Conference on Instrumental  
Methods of Analysis: Modern Trends and Applications**  
Kefalonia | 14-17 September 2025

## **14th International Conference on Instrumental Methods of Analysis: Modern Trends and Applications**

***Argostoli, Kefalonia, September 14-17, 2025***

We are pleased to announce that the [14<sup>th</sup> International Conference on “Instrumental Methods of Analysis” \(IMA 2025\)](#) will take place on September 14-17, 2025, in the Municipality Theatre “Kefalos” of Argostoli, in the island of Kefalonia (Cephalonia). The Conference is organized by the National Technical University of Athens and the University of Patras.

IMA is a biannual series of conferences that started in 1999 and covers all areas of Analytical Chemistry and applications in a wide range of scientific disciplines (environment, food, pharmaceuticals, diagnostics, forensics, archaeometry). Leading analytical chemists from all over the world have presented their research work at the previous IMA meetings and shared ideas on timely issues and challenges in all fields of Instrumental Methods of Analysis.

The scientific program will include Invited speakers, oral and poster presentations. Special sessions devoted to timely topics of Analytical Chemistry will be organized. Furthermore, we welcome contributions from companies, including presentations of new instrumentation, novel applications and assessment of future commercial trends and applications.

To keep updated on the conference details and announcements visit the conference [website](#) or follow our [LinkedIn](#) account.

### **The Chairs of IMA 2025**

Assist. Prof.  
**Fotis Tsopeas**

Prof.  
**Theodore Christopoulos**

Prof. em.  
**Maria Ochsenkühn- Petropoulou**

Laboratory of Inorganic and  
Analytical Chemistry, School of  
Chemical Engineering, National  
Technical University of Athens

Analytical/Bioanalytical  
Chemistry & Nanotechnology  
Research Group, Department of  
Chemistry, University of Patras

Laboratory of Inorganic and  
Analytical Chemistry, School of  
Chemical Engineering, National  
Technical University of Athens

## Conference Topics

### ANALYTICAL METHODS

Spectrometric techniques-Mass spectrometry  
Chromatographic and electrophoretic techniques  
Electroanalytical Techniques  
Sensors and Biosensors  
Nanotechnology and Analytical Chemistry  
Miniaturized analytical systems (Lab-on-a-Chip)  
Field analysis-Mobile analytical instruments  
Micro-and Nano-fluidics-Paper-based devices  
Thermal analysis  
Sample handling and preparation  
Big analytical data-Chemometrics-Artificial Intelligence

### APPLICATIONS

Environmental Analysis-Ecotoxicology  
Food Analysis  
Pharmaceutical Analysis-Drug Design  
Diagnostics-Point of care systems  
Biomedical and Clinical analysis  
Forensic Science  
Proteomics, Metabolomics, Metallomics  
Elemental speciation analysis  
Green Chemistry  
Archaeometry  
Materials Analysis  
Quality control of petroleum products and lubricants  
Quality control-quality assurance in analysis  
Metrology  
Other hot / interdisciplinary topics

---

## Invited Speakers of IMA 2025

### **Prof. Ryszard Lobinski (*Honorary Speaker*)**

IPREM, CNRS, Pau, France  
Warsaw University of Technology, Poland

### **Prof. Paolo Oliveri**

Department of Pharmacy (DIFAR)  
University of Genova, Italy

### **Prof. Erwin Rosenberg**

Vienna University of Technology, Institute of  
Chemical Technologies and Analytics, Austria

### **Prof. Laura M. Lechuga**

Catalan Institute of Nanoscience and  
Nanotechnology (ICN2), Spain

### **Prof. Mamas Prodromidis**

University of Ioannina, Greece,  
*Editor in Chief of Microchimica Acta*

### **Prof. Joanna Szpunar**

IPREM - CNRS  
Pau, France

### **Prof. Nikolaos Thomaidis**

National and Kapodistrian University  
of Athens, Greece

### **Prof. Eric Bakker**

University of Geneva,  
Switzerland

### **Prof. Klara Valko**

School of Pharmacy, University College  
London, UK

### **Prof. Achillefs Kapanidis**

Department of Physics, University of  
Oxford, UK

### Important days

Abstract submission opens	<b>01 February 2025</b>
Abstract submission deadline	<b>30 May 2025</b>
Acceptance of abstracts	<b>10 June 2025</b>
Early bird registration until	<b>20 June 2025</b>
Conference program announcement	<b>10 July 2025</b>
Conference kick-off	<b>14 September 2025</b>

---

### Registration Fees

Category	Early fee (till 20 June 2025)	Late fee (after 20 June 2025)
Regular registration*	<b>450 euros</b>	<b>500 euros</b>
Student**	<b>230 euros</b>	<b>260 euros</b>
Accompanying person***	<b>280 euros</b>	<b>280 euros</b>

\*The regular registration fee covers access to all scientific sessions, workshops and exhibition, the conference material (bag, program, e-Book of abstracts), welcome reception, lunches from 15 to 17 September, coffee breaks and 1 short excursion.

\*\*Student registration fee is applied for undergraduate, postgraduate and PhD students. To benefit from the reduced registration fees, students are requested to have a valid student identity to show at the registration desk.

\*\*\*The registration fee for accompanying people covers the welcome reception, coffee breaks, lunches from 15 to 17 September and 1 short excursion.

---

### Registration and Abstract Submission

Registrations and abstract submissions will be done online.

For registration the link is: <https://ima2025.synedry.com/services/registration.aspx>

For abstract submission the link is: <https://ima2025.synedry.com/abstracts/submission.aspx>

One registration should correspond to a maximum of 2 presented contributions.

---

## Conference Venue

IMA 2025 will be hosted in the [Municipal Theater "Kefalos"](#). The theater is in the center of Argostoli, just opposite of the Archaeological Museum and at the end of the Lithostroto (Pebble) Street. This beautiful theater is one of the largest and oldest in Greece and its architecture is a typical example of the island's architecture.

---

## Members of the Organizing Committee

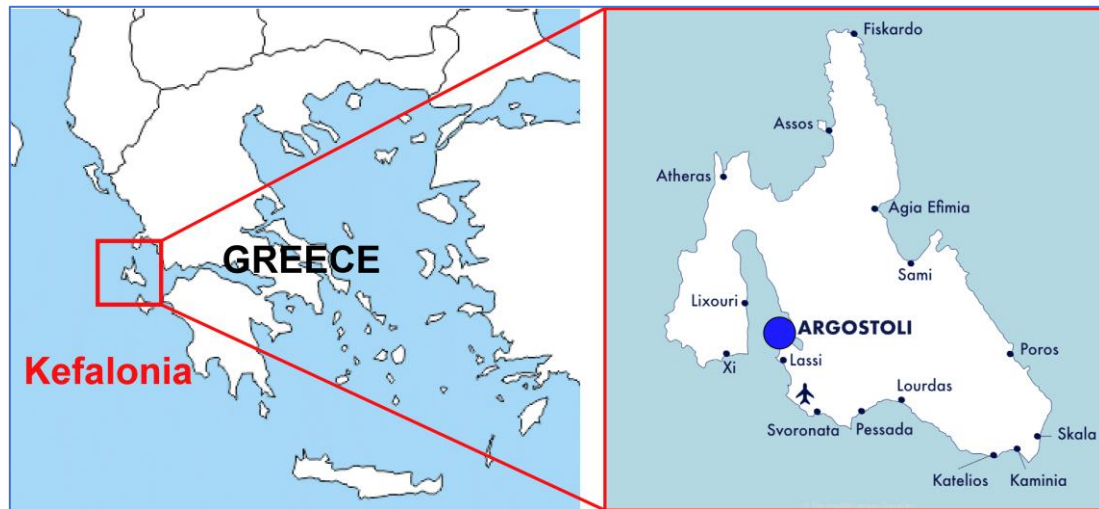

<b>Dr. K. Simeonidis</b> (AUTH)	<b>Dr. T. Lymperopoulou</b> (NTUA)
<b>Prof. em. N. Markatos</b> (NTUA)	<b>Dr. A.L. Tsakanika</b> (NTUA)
<b>Prof. em. P. Vassileiou</b> (NTUA)	<b>Dr. K. Kiskira</b> (NTUA)
<b>Dr. N.M. Christopoulou</b> (Univ. Patras)	

## Continuation Committee

**M. Ochsenkühn-Petropoulou**, Prof., NTUA (Chairperson of IMA 1999-2023)  
**M. Karayannis**, Prof. Uni. Ioannina (Chairperson of IMA 2001)  
**I. Stratis**, Prof. AUTH (Chairperson of IMA 2003)  
**N. Chaniotakis**, Prof. Uni. Crete (Chairperson of IMA 2005)  
**Th. Christopoulos**, Prof. Uni. Patras (Chairperson of IMA 2007)  
**A. Calokerinos**, Prof. Uni. Athens (Chairperson of IMA 2009)  
**N. Kallithrakas-Kontos**, Prof. TU Crete (Chairperson of IMA 2011, 2023)  
**R. Tzimou-Tsitouridou**, Prof. AUTH (Chairperson of IMA 2013)  
**J. Kapolos**, Prof. Uni. Peloponnese (Chairperson of IMA 2015)  
**S. Pergantis**, Prof. Uni. Crete (Chairperson of IMA 2017)  
**T. Albanis**, Prof. Uni. Ioannina (Chairperson of IMA 2019)  
**M. Mitrakas**, Prof. AUTH (Chairperson of IMA 2021)  
**F. Tsopelas**, Assist. Professor NTUA (Chairperson of IMA 2021, 2023)

---

## How to reach the island of Kefalonia

Kefalonia island can be reached by flight or ferry.

Flying to Kefalonia is the easiest, fastest, and most expensive (but recommended) way to get there. The Kefalonia airport (EFL) is served by daily nonstop flights from Athens, as well as some international cities like Amsterdam, London, and Munich. The flight time to Kefalonia from Athens is 1 hour.

Taking the ferry to Kefalonia is cheaper than flying, but it's slower and a bit more complicated. You first have to take a 4-hour bus ride from Athens to Kyllini/Peloponnese, and then hop on the ferry there. The boat ride from Kyllini to Kefalonia takes around 1.5 hours. There are also ferries running from nearby islands (like Zakynthos and Ithaca), so if you're interested in doing some island hopping in Greece and you want to see more than just Kefalonia, you can mix up the itinerary a bit.
