

RSC Organic Division South West Regional Meeting 27th February 2014
Inorganic Chemistry Lecture Theatre, South Parks Road, Oxford, OX1 3QR

| | |
|-------------|---|
| 10:30-11:00 | Coffee |
| 11:00-12:00 | Dr Jonathan Goodman University of Cambridge <i>BINOL-based organocatalysis and computationally-enhanced synthesis (RSC Bader Award Lecture)</i> |
| 12:00-12:30 | Dr Geoff Brown University of Reading <i>A New Strategy for Studying Carbohydrates by NMR spectroscopy</i> |
| 12:30-13:30 | Lunch |
| 13:30-14:00 | Dr Jonathan Watts University of Southampton <i>2'-Fluorinated oligonucleotides: conformational control and high binding affinity</i> |
| 14:00-14:30 | Dr Joel Loveridge Cardiff University <i>The bulgecins: biosynthesis and antibiotic potential</i> |
| 14:30-15:00 | Dr Steve Flower University of Bath <i>Fluorescent boronic acid sensors and sensors for boronic acids</i> |
| 15:00-15:30 | Dr Robert Paton University of Oxford <i>Computer-aided discoveries of organic structures and selectivity</i> |
| 15:30-16:00 | Tea |
| 16:00-17:00 | Professor Varinder Aggarwal FRS University of Bristol <i>Assembly Line Synthesis (RSC Perkin Prize Lecture)</i> |

See here for maps and travel details:

http://www.ox.ac.uk/visitors_friends/maps_and_directions/science_area.html

Please note that parking in the science area is very limited.
