

# Materials chemistry poster symposium

## Sponsorship menu

The Materials Chemistry Poster Symposium is the Material Chemistry Communities flagship event for early career researchers. The symposium brings together outstanding PhD students and early-career industrial researchers. It provides a fantastic opportunity to present and showcase their work to peers, leading academics, RSC prize winners and industry representatives.

The two best posters selected by our judges receive free registration to the next International Conference on Materials Chemistry, the RSC's premier conference for Materials Chemistry. Attendees also vote for their favourite poster to win a prize sponsored by the RSC's Journal of Materials Chemistry.

The funds raised from sponsorship will enable the students to participate in the event free of charge.
