

# Internacional Conference

TECHNOLOGICAL SHOW | NETWORKING

**11-13 SEPTEMBER 2019**

**POLYTECHNIC INSTITUTE  
PORTALEGRE**

The **2nd Bioenergy International Conference** will be held from **11<sup>th</sup> to 13<sup>th</sup> September 2019** in **PORTALEGRE (Portugal)**.

This congress is organised by researchers of the **C3i/IPP** (Portalegre, Portugal), and **AreanaTejo, Energy Agency** (Portugal) with the objective to join academics, researchers and companies in an international forum to discuss matters related to bioenergy technologies, economic and policy aspects.

We believe that we must rethink, personally, institutionally and corporately, the management that we make of the waste we generate and the energy that we have available. That's why we have created this congress and exhibition, that we hope can be part of our contribution for a more efficient use of these resources.

All papers will be published in the congress E-book. The feasibility of publishing special issue(s) of reputed scientific journals will be confirmed shortly.

For more information, please visit the website of the conference on <http://www.bioenergy-conference.com>

Please submit your abstract by the **15<sup>th</sup> of June 2019**, and you can find the instructions for authors and the template to prepare your abstract on

<http://www.bioenergy-conference.com/pages/congresso/submissao.html>

You can submit your work on the following link:

<http://www.bioenergy-conference.com/pages/registo.html>

If you have any question about this conference, please contact the organising committee on [info@bioenergy-conference.com](mailto:info@bioenergy-conference.com)

Best wishes,

**Paulo Brito, PhD.**

Chairman

2nd Bioenergy International Conference
