

# Royal Society of Chemistry Organic Division

## North East Regional Meeting

*Department of Chemistry, University of York, 28<sup>th</sup> March 2012*

<b>09:45</b>	Arrival, Coffee and Poster Set-up Sponsored by RSC Central Yorkshire Division	Foyer/A102/A122
<b>10:30</b>	Dr. John Clough (Syngenta) Winner of the <b>2011 RSC Creativity in Industry Prize</b> <i>"Natural products as leads for the discovery of innovative crop protection chemicals – the strobilurin fungicides"</i>	A101
<b>11:30</b>	Marcus Durant (University of Northumbria) <i>"Design of Macrocyclic Ligands using a Genetic Algorithm"</i>	A101
<b>11:55</b>	David Hodgson (University of Durham) <i>"Aqueous Chemistry: A Physical Organic Approach"</i>	A101
<b>12:20</b>	Lunch and Posters	Foyer/A102/A122
<b>13:30</b>	Clare Mahon (University of Newcastle) <i>"Templating Polymer-Scaffolded Dynamic Combinatorial Libraries"</i>	A101
<b>13:55</b>	Peter O'Brien (University of York) <i>"Seeing is Believing: In Situ IR Spectroscopy for Synthetic Chemists"</i>	A101
<b>14:20</b>	Duncan Gill (University of Huddersfield) <i>"A stereocontrolled and flexible route to optically-enriched oxabispidines"</i>	A101
<b>14:45</b>	John Cooksey (University of Leeds) <i>"A Synthesis of the Pseudopterosin A-F Aglycone"</i>	A101
<b>15:10</b>	Tea and Posters Sponsored by RSC Central Yorkshire Division	Foyer/A102/A122
<b>15:40</b>	David Whitehead (Covance) <i>"Scintillating Carbon Monoxide in a Radiochemical World"</i>	A101
<b>16:05</b>	Kamyar Afarinkia (University of Bradford) <i>"Role of substituents in Diels-Alder and retro Diels-Alder cycloadditions of 2-pyrone"</i>	A101

**16:30** Prof. Lewis Mander, (ANU, Canberra, Australia) A101  
Winner of the 2011 **RSC Robert Robinson Award**  
*"Structure Determination, Synthesis, Pharmacology and  
Biosynthesis of the Galbulimima Alkaloids: A Fifty Year Odyssey"*

**17:30** Wine reception and Posters Foyer/A102/A122

***Sponsored by:***
