

BIT's 1st Annual International Congress of Antibody-2009 (ICA-2009)

Time: May 22-24, 2009

Place: Beijing, China

Schedule

May 21, 2009

Time	Lobby of Hotel
8:00-20:00	Registration

Scientific Summit

May 22, 2009

Time	No.1 Meeting Room	No.2 Meeting Room	No. 3 Meeting Room	No. 4 Meeting Room	No. 5 Meeting Room	No. 6 Meeting Room
09:00-09:35	Opening Ceremony					
09:35-12:00	Plenary Lectures					
12:00-13:00	Luncheon Showcase 1					
13:30-17:30	Track 1 Session 1-1: Proteomics, Epitomics, System Biology for Antibody Discovery	Track 1 Session 1-6: Molecular Biology Applied To Antibody Characterization	Track 2 Session 2-1: Validation of Antibody Drug Targets and Interventions	Track 3 Session 3-1: Immunogenicity and Antibodies as Immunodiagnos-tics	Track 4 Session 4-1: Advanced Upstream Bioprocess Technologies & Production Systems	Track 5 Session 5-1: Antibody <i>Deal-Making</i> , Licensing and Financing Strategies
18:00-19:30	Welcome Banquet					

May 23, 2009

Time	No.1 Meeting Room	No.2 Meeting Room	No. 3 Meeting Room	No. 4 Meeting Room	No. 5 Meeting Room	No. 6 Meeting Room
09:00-12:00	Track 1 Session 1-2: Hybridoma Technology and Antibody Gene Manipulation	Track 1 Session 1-7: Humanization Technology of Antibodies	Track 2 Session 2-2: Rational Epitope and Antigen Designs	Track 3 Session 3-2: Antibody Diagnostics for Non-Infective Diseases	Track 4 Session 4-2: Downstream Robust Bioprocesses Technologies and High Quality Manufacturing	Track 5 Session 5-2: Antibody Innovation Collaboration and Partnering in Asia
12:00-13:00	Workshop: Antibody Outsourcing Capacity Showcase In China					
13:30-17:30	Track 1 Session 1-3: Nanotechnology, Microarray, Phage Display and Biochips for Antibodies	Track 2 Session 2-6: Antibodies for Transplantations	Track 2 Session 2-3: Therapeutic Anticancer Antibodies	Track 3 Session 3-3: Antibody Diagnostics for Infectious Diseases	Track 4 Session 4-3: New Process Purification Tools, Monitoring and QA/QC Technologies	Track 5 Session 5-3: Antibody Production Outsourcing Alliance In China
18:00-19:30	Supper					

May 24, 2009

Time	No.1 Meeting Room	No.2 Meeting Room	No. 3 Meeting Room	No. 4 Meeting Room	No. 5 Meeting Room	No. 6 Meeting Room
09:00-12:00	Track 1	Track 2	Track 2	Track 3	Workshop	Course 4:

	Session 1-4: Generation of Antibody Libraries, and High Throughput Screening	Session 2-7: PEGylation to Novel Efficient Antibody Delivery	Session 2-4: Antibodies in the Treatment of Autoimmunity, Inflammation, Allergy and Neuro Diseases	Session 3-4: Instrumentation of Antibody Analysis of Diseases	SFDA vs FDA on Regulatory Issues of Antibodies	New Clinical Molecular Diagnostics Lab Testing
12:00-13:00	Luncheon Showcase 3					
13:30-17:30	Track 1 Session 1-5: Antibody Conjugates, Antibody Fragments and Protein Scaffolds	Track 2 Session 2-8: Animal Models and Clinical Trials on Therapeutic Antibodies	Track 2 Session 2-5: Antibodies for Severe Infectious Diseases			
18:00-19:30	Supper					

May 22-24, 2009

Time	Lobby of Hotel
09:00-18:00	Exhibition
