Gold Sponsors

Silver Sponsors

09:30	Registration Opens		
10:00	Welcome and Opening Remarks – Sam Whitmarsh (CatSci)		
10:10	What role can Pharmacopeia play in response to climate change?	Steve Hoare	MHRA
10:40	Sustainability in Pharmaceutical Separation Science	Molly Wison	AstraZeneca
11:05	Sustainability through Digital Approaches to Method Optimisation	Rebecca Wilson	CatSci
11:40	Coffee		
12:00	White Analytical Chemistry – where does Automation fit?	Camilla Liscio	Element Lab Solutions
12:25	Calculating the carbon footprint of a reference material – challenges, complexities and opportunities	Jim Ormond	LGC
12:50	Lunch, Exhibition and Posters		
14:15	Session 2 Opening Remarks – Melissa Hanna-Brown (UCC)		
14:20	Sustainable Innovation: Shimadzu's Commitment to a Greener Future in Analytical Equipment	Lisa Sargent	Shimadzu
14:45	SFC – A Sustainable Application for Small Molecules and New Modalities	Lea Sutton	Reach Separations
15:10	Innovating Sustainable Methods: The Journey to All-in-One Plastics Analysis	Ruth Godfrey	University of Swansea
15:35	Coffee		
16:00	Planning for Future sustainability challenges in Analytical Science	Terry Goodwin	Scenario Marketing
16:30	Panel Discussion		
17:00	Closing Remarks and Close – Sam Whitmarsh (CatSci)		

We are grateful to all of our sponsors for supporting the meeting. Without you this wouldn't be possible!
