

# OIL AND GAS TRANSPORTATION IN THE CIS AND CASPIAN REGION

## 11TH ANNUAL MEETING

### Key speakers include

Andrew McGrahan, Vice-President, **CHEVRON NEFTEGAZ**, Chairman, **CASPIAN PIPELINE CONSORTIUM RUSSIA**

Dastan Kozhabekov, First Deputy General Director, **KAZAKH INSTITUTE OF OIL AND GAS, KAZMUNAYGAS**

Konstantin Simonov, General Director, **NATIONAL ENERGY SECURITY FUND**

George Makarov, Deputy General Director for Science, **VNIIST INSTITUTE**

Elio Ruggeri, Project Leader, **EDISON**

Larissa Ruban, Professor, **INTERNATIONAL LAW INSTITUTE, MINISTRY OF JUSTICE OF RUSSIA**

### BENEFITS OF ATTENDING

- **MEET** and **DO BUSINESS** with 150+ professionals from regional and international oil and gas majors and leading technology companies, address your questions to them and discover the most promising opportunities for your business growth
- **ENTER, ESTABLISH** and **RE-AFFIRM** your presence as a major player at the only transportation conference to cover the entire CIS regional oil and gas export challenges
- **DEFINE** the most cost-effective, advanced and environmentally safe pipeline technologies for your project at the pre-conference workshop and within the dedicated exhibition area
- **RECEIVE** the latest updates on the region's most important pipeline projects – CPC, ESPO, Nabucco, Nord Stream, South Stream – insights into investment, construction and expansion plans
- **IDENTIFY** the most secure and cost-effective means of transportation for your business
- **PARTICIPATE** in shaping the future of energy supplies from the CIS and Caspian region

EVENT SPONSORS:

## OIL AND GAS TRANSPORTATION IN THE CIS AND CASPIAN REGION

### WHY THIS EVENT?

**The Oil and Gas Transportation in the CIS and Caspian Region Meeting from 20-22 October 2009 will gather oil and gas majors, leading technology providers, government institutions, lawyers, management consultants, financial analysts and banking groups from all over the world.**

While security of energy supplies is still one of the hottest topics on the international agenda, the EU and OPEC are both aiming to develop closer relations and to improve cooperation with Russia, the world's largest gas exporter, as well as with its neighbouring countries in the Caspian region which are rich in natural resources and alternative transportation routes. The year's greatest achievement in Russia, the launch of the first LNG plant in Sakhalin, has opened further opportunities for Russia to enhance security of energy supplies in the Asia Pacific, thus strengthening its position in the world gas market: LNG supplies to Japan, South Korea and the UK have already started.

When is the Nord Stream project likely to be implemented, and what is the share of European gas demand it will meet? Will the South Stream pipeline be constructed by 2015 as it has been announced recently, or are there further delays to be expected? Will the Nabucco pipeline achieve its objectives of delivering gas from the Caspian region? With time-consuming and costly pipeline projects, can railways or tankers provide alternative secure and flexible means of energy transportation? How will the construction completion of the Turkmenistan-China pipeline and that of the ESPO shape future global supply and demand market dynamics?

The 11th Annual Oil and Gas Transportation Meeting will provide you with insights into geopolitical, environmental, financial and technical implications for the development of projects in the CIS and Caspian region, as well as with opportunities to network with their stakeholders and suppliers, establish new business contacts and reinforce your position in this challenging but rewarding region.

**The Pipeline Design, Construction and Maintenance Workshop** will address the challenges of and advanced solutions for pipeline construction and maintenance in severe climate conditions of the region, and best practices in pipeline inspection and repair, which will provide you with an opportunity to get a first-hand update on latest technologies and select the most appropriate solutions for your project.

### NEW FOR 2009!

- **Roundtable discussions** will enable you to summarise key learning points from the workshop and define the most cost-efficient, advanced and environmentally safe pipeline technologies for your business through in-depth interactive discussions and debates with your peers.
- **An interactive panel session** will provide conference attendees with an opportunity to enter into dialogue with both operators and independent industry experts who will join together offering a summary overview of the key issues discussed at the conference, exchange their ideas and open lively debates with the audience.

### ABOUT THE ENERGY EXCHANGE

The Energy Exchange has achieved worldwide recognition for the organisation of high level, strategic and technical conferences within the upstream oil and gas sectors. Our industry lead events are renowned as market leaders within this global industry.

Due to our strong, long-standing relationships with governments and all of the major oil and gas producers worldwide, we ensure our events consistently tap into the key issues affecting the industry and we bring together more principle influencers than any other event organiser to share their thoughts, ideas and vision with you, our audience.

Our annual events take place across the globe in Europe, CIS, Russia, Middle East and Asia. They take centre stage in the oil and gas calendar together with our awards which are increasingly becoming a sought-after industry recognition of best practice excellence.

### WHO SHOULD ATTEND

- Presidents, Vice Presidents and Managing Directors
- Heads of Transportation
- Heads of Russia and the CIS
- Heads of International Operations
- Directors of Oil and LNG Terminals
- Managers of International Relations
- Directors of Regulatory Bodies
- Business Development and Corporate Strategy Directors
- Industry Analysts and Consultants
- Project Financiers and Lawyers
- Directors and Heads of Oil and Gas Pipeline Operations
- Technical Directors
- Pipeline Construction Directors and Managers
- Pipeline Integrity Directors and Managers
- Pipeline Maintenance, Automation and Control Directors
- Pipeline Inspection and Data Management Managers

### TESTIMONIALS FROM OUR CIS EVENTS

"Extremely informative conference highlighting the facts and showing trends and ways of securing energy supplies through the most appropriate routes."

Alexander Golovin, Ambassador, **MINISTRY FOR FOREIGN AFFAIRS OF RUSSIA**

"The Summit was of a very high level with great chance to make good contacts. We are looking forward to continuing our mutually beneficial cooperation next year."

Bairamgeldy Nedirow, Deputy Minister, **MINISTRY OF OIL AND GAS INDUSTRY AND MINERAL RESOURCES OF TURKMENISTAN**

"The 2008 event has been even more interesting and informative. The Conference organisers excelled in arranging topical presentations and great opportunities for attendees to exchange their views. We hope the 2009 event will be of even higher level."

Vladimir Osmanov, Chief Technologist, Offshore Technique and Technology Development Department, **GAZPROM**

## TUESDAY, 20 OCTOBER 2009

### PIPELINE DESIGN, CONSTRUCTION AND MAINTENANCE WORKSHOP

08.30 Workshop registration and coffee

09.00 Opening address and business card exchange

#### 09.15 Session one: How to identify the most appropriate pipeline design and construction approach for your project

- How to define pipe material specifications while designing a pipeline onshore and offshore
- Cost effective solutions to challenges of pipelay in harsh environments
- How to ensure safe cutting and welding
- Why and how to conduct integrity tests before start up

11.00 Coffee break

#### 11.30 Session two: Best practice of pipeline maintenance and inspection to extend pipeline lifespan

- How to ensure long-term performance of the coating system
- Solutions for the toughest inspection challenges: advanced non-destructive testing (NDT) technologies and services
- Latest techniques in damage detection including ultrasonic flaw detection
- Intelligent pigging for safe and profitable pipeline operation

13.00 Lunch

#### 14.30 Session three: Minimising shutdowns through pipeline reliability and repair safety

- A new method of corrosion protection: controlled superheating of natural gas for transmission
- How to select the most effective cleaning technique
- How to use damage prediction techniques to minimise or avoid failures and damage propagation
- Effective ways of repairing a leak without shutdown

16.00 Coffee break

#### 16.30 Session four: Roundtable discussions:

Each roundtable will be led by a senior representative of a leading technology company having experience in the region. Attendees will be able to join a roundtable they like to exchange ideas and information and determine the most advanced and cost-effective solutions for their projects.

**Roundtable 1** - Pipeline design and construction

**Roundtable 2** - Pipeline maintenance and inspection

**Roundtable 3** - Pipeline reliability and repair

17.30 Close of Workshop

18.00 Pre-conference registration and welcome drinks reception

## DAY ONE: WEDNESDAY 21 OCTOBER 2009

08.00 Conference registration and coffee

09.00 Opening welcome address and business card exchange

#### 09.15 Session one: How are government priorities changing in response to the current economic situation?

- Criteria of the Russian government in prioritizing energy supply routes
- How relationships between the European Union and energy exporting states are developing in the EU's efforts to improve security of supplies
- What role Russia and the EU will play in upgrading Ukraine's gas pipeline system
- Shared policy of Central Asian republics to forge closer energy ties

11.00 Coffee break hosted by 

#### 11.30 Session two: Legal measures protecting the industry from fluctuating oil prices and demand

- International legal framework for energy security
- Expected amendments to export tax laws and their impact on supply, transit and consumption countries
- How and why investment into energy supply projects will trigger the inevitable recovery in demand
- How the process of connecting to pipelines is changing, and its impact on profitability and competitiveness of Russian major operators

13.00 Lunch

#### 14.30 Session three: Exports of Russian gas to Europe: why Nord Stream might be the most secure gas supply route for Europe

- Assessment of the Nord Stream project's environmental impact
- Technical and financial feasibility of the project
- Complexity of the design and construction of the pipeline
- What is the feasibility level of construction of the final branch of Nord Stream, OPAL line?

15.30 Coffee break hosted by 

#### 16.00 Session four: Exports of Russian oil and gas to Europe: updates on major projects

- South Stream and Nabucco: do they compete?
- Geopolitical, financial and engineering challenges of development of South Stream project
- The planned BPS-2 pipeline versus existing Druzhba pipeline as an export route for oil exports
- Burgas-Alexandroupolis oil pipeline: the latest progress of FEED studies
- The role of railway infrastructure in delivering oil products to international markets
- Exports of Russian oil: logistical zones of Europe and what segments of European market are the most attractive for Russia

17.30 Close of day one followed by social networking drinks reception

## DAY TWO: THURSDAY 22 OCTOBER 2009

08.30 Conference registration and coffee

### 09.00 Session five: Multi-directional routes for Caspian gas exports to demanding neighbouring markets

- How the South Caucasian pipeline infrastructure can be developed to supply gas to Europe
- Plans for the Trans-Caspian gas pipeline project and its complexity
- Pre-Caspian pipeline: will this year witness completion of the feasibility study of the project in Kazakhstan and start of the pipeline construction?
- Shifting consumption of Turkmen gas: from Ukraine to China
- The latest progress and current status of the FEED of the Trans Adriatic pipeline
- Nabucco gas pipeline: will construction of the Southern Corridor commence next year?

10.30 Coffee break hosted by 

### 11.00 Session six: Multiple-directional routes for Caspian oil exports: expanding those routes by using all means of transportation

- Opportunities and plans for extension of the Odessa-Brody oil pipeline
- Further development for the oil pipeline system of Azerbaijan; enhancing efficient delivery of oil to international markets
- Updates on expansion of the CPC pipeline capacity
- Current status of and future plans for development of the Trans-Caspian oil supply system including creation of tanker fleet and subsequent connection to the BTC

12.30 Lunch

### 14.00 Session seven: Russian and Caspian oil and gas transportation to the sought-after emerging South-East Asian market

- Do Russian and Caspian energy supply projects compete or are they complementary in meeting the demand of South-East Asia?
- The opening of Russia's first LNG plant is the first step towards the bright future for Russian shipping
- Solutions for China to reduce its reliance on supply from the Middle East: new joint projects with Russia and Central Asia
- Accelerating the pace of ESPO project development following China's recent investments

15.30 Coffee break hosted by 

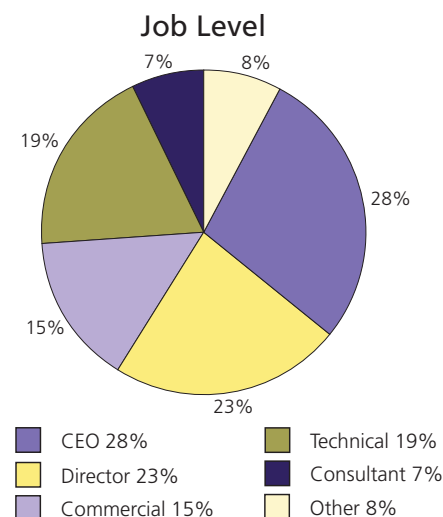

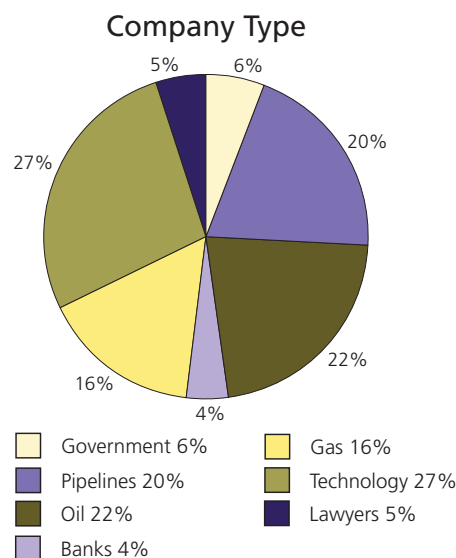

### 16.00 Session eight: Interactive summary panel discussions

In this session executive speakers and the industry experts will recap the key issues discussed during the conference and open in-depth discussions and lively debates between the audience and speakers on the following suggested topics:

- How to develop economically feasible oil and gas export projects under the current slump of oil prices and unstable demand across the Eastern hemisphere
- Which pipeline projects are likely to be completed first
- Development of alternative means of transportation means alternative to pipelines for Russian and Caspian natural resources – cooperation of railway networks and terminals

17.30 Close of conference

### AUDIENCE PARTICIPATION AT THE 2008 CONFERENCE

## SPEAKERS INCLUDE:

Andrew McGrahan,  
Vice-President,  
**CHEVRON NEFTEGAZ**,  
Chairman, **CPC RUSSIA**

Konstantin Simonov,  
General Director,  
**NATIONAL ENERGY SECURITY FUND**

George Makarov,  
Deputy General Director for Science, **VNIIST INSTITUTE**

Matthew Sagers,  
Senior Director,  
Energy Economics,  
Eurasia and Eastern Europe,  
**CERA**

Alexey Belogoryev,  
Head of Gas Research Department,  
**INSTITUTE OF NATURAL MONOPOLIES RESEARCH**

Roman Mezhlumyan,  
Head of Department,  
**FEDERAL SEA AND RIVER TRANSPORT AGENCY**

Mikhail Grigoriev,  
Director,  
**GECON**

Konstantin Kovalenko,  
Head of Competitor Analysis Division,  
**TATNEFT**

Gennady Seleznev,  
General Director,  
**PODZEM-BURSTROY**

Wijnhold Wijnholds,  
Managing Director,  
**MAGNATECH INTERNATIONAL**

Tobias Walk,  
Director, Electrical Engineering, Automation & IT-Systems,  
**ILF CONSULTING ENGINEERS**

Andrey Kolesnikov,  
General Director,  
**EUROSIB-LOGISTICS**

Elio Ruggeri,  
Project Leader,  
**EDISON**

Larissa Ruban,  
Professor,  
**INTERNATIONAL LAW INSTITUTE**

Vladimir Spirkin,  
Professor,  
**GUBKIN RUSSIAN STATE UNIVERSITY OF OIL AND GAS**

Dastan Kozhabekov,  
First Deputy General Director, **KAZAKH INSTITUTE OF OIL AND GAS, KAZMUNAYGAS**

(to be named)  
Senior Representative, **STATE OIL COMPANY OF AZERBAIJAN REPUBLIC (SOCAR)**

Ondrej Smolik,  
Operations Manager, **MERO CR**

# REGISTRATION FORM

## OIL AND GAS TRANSPORTATION IN THE CIS AND CASPIAN REGION: 11TH ANNUAL MEETING

MOSCOW, RUSSIA 20-22 OCTOBER 2009

### 5 EASY WAYS TO REGISTER

 [www.theenergyexchange.co.uk/cispipes09](http://www.theenergyexchange.co.uk/cispipes09)  [j.sundaralingam@theenergyexchange.co.uk](mailto:j.sundaralingam@theenergyexchange.co.uk)  + 44 (0) 207 067 1800 or + 44 (0) 1242 529 090  
 +44 (0) 20 7430 9513 or +44 (0) 1242 582 157  The Energy Exchange, 4th Floor, 86 Hatton Garden, London, EC1N 8QQ

### REGISTRATION FEE

- ☐ 3 Days – 11th Annual Conference and Technical Workshop \$3205 / €2235  
☐ 2 Days - 11th Annual Conference \$2140 / €1495  
☐ I am unable to attend but would like to purchase the proceedings \$860 / €600

Please note that exchange rates are subject to fluctuation.

### DELEGATE DETAILS

Title	First Name	Last Name	Job Title	Email

To register more than 3 delegates, please photocopy this booking form. Group discounts are available from more than 3 registrants; please email [j.sundaralingam@theenergyexchange.co.uk](mailto:j.sundaralingam@theenergyexchange.co.uk) for further information.

-----  
Company Name  
Nature of Business  
Address  
City State/County  
Country Zip/Postcode  
Telephone Fax

I confirm I have read The Energy Exchange terms and conditions. Please tick the box to confirm acceptance of these conditions. ☐

#### Authorised by

#### Signature

Company CEO / MD / GM Head of Midstream / Pipeline Department  
Technical Director / Head of Technology Head of Russia / CIS

### ADMINISTRATION DETAILS

Accounts payable contact

Name of cardholder Address  
Signature of cardholder:

#### PAYMENT – TERMS AND CONDITIONS

Our official confirmation, invoice and hotel booking details will be emailed to you within 3 days of receiving your registration.

##### PAYMENT:

Payment of the full delegate fee is due 14 days after the invoice date, or immediately, if the registration is made within one month of the event. Our full bank account details are on the invoice.

Please note your booking is valid only after full payment is received. We recommend you check with your Finance Department that payment has been made before travelling to the Conference.

##### CANCELLATIONS:

Made one month prior to the start of the conference will be refunded less a 50% administrative charge.

Refund will be made after the conference. Made within one month of the start date of the conference will receive no refund. Substitutes are acceptable at any time.

##### FORCE MAJEURE:

Please note that in case of force majeure The Energy Exchange is relieved of all obligations. Force majeure includes any circumstances beyond the will of The Energy Exchange, that impedes permanent or temporary compliance with the obligations, such as 'acts of god' including war, danger of war, government regulations, revolts, strikes, transportation difficulties, fire or severe disturbances affecting the conference organisation or its suppliers.

#### ADMINISTRATION – TERMS AND CONDITIONS

##### OFFICIAL VENUE AND HOTEL ACCOMMODATION

Hotel Baltschug Kempinski, Ul. Balchug 1, Moscow, 115035 Russia, Tel: +7 495 230 6500, Fax: +7 497 230 6503. The cost of the hotel accommodation is not included in the conference fee. The Energy Exchange has negotiated preferential rates at the hotel for attendees of the event. Please contact Nicola Hunt via email on [n.hunt@theenergyexchange.co.uk](mailto:n.hunt@theenergyexchange.co.uk) for a hotel booking form or accommodation related queries.

##### REGISTRATION FEE

The registration fee covers attendance at all sessions, refreshments, lunches, receptions and documentation containing the speaker presentations. Please note it may be necessary to alter the content or timing of the programme or its speakers. Please note that VAT is not included and will be added at the appropriate rate where applicable.

##### LANGUAGE

The official conference language will be English with Russian simultaneous translation.

##### CUSTOMER SERVICES

For questions concerning your registration, attendance, visa support and invoice payments, please contact our Customer Services Department, Tel: +44 (0)1242 529 090, Fax: +44 (0)1242 582 157.

BOOKING CODE **WEB**

# Why you should attend the 11th Annual Meeting, Oil and Gas Transportation in the CIS and Caspian Region

- The event attendees you will network with include senior representatives of major oil and gas companies, government officials and leading technology providers.
- The conference will provide you with updates on the hottest and most disputable pipeline projects such as CPC, ESPO, Nabucco, Nord Stream, South Stream, Turkmenistan-China, Trans-Caspian pipeline.
- Discussing alternative means of transportation, you will be provided an opportunity to identify which oil and gas transportation projects will most likely to be brought forward, and discover implications for your business.
- Pre-conference Pipeline Design, Construction and Maintenance Workshop will allow you to participate in discussions of the latest pipeline design, construction, maintenance, inspection and repair technologies, and to select the most cost-effective, advanced and environmentally safe approach for your project.

## A snap shot of countries that attended the 2008 Oil and Gas Transportation Meeting proves it to be a truly international event:

Austria	France	Latvia	Serbia
Azerbaijan	Germany	Lithuania	Switzerland
Belgium	Greece	Norway	The Netherlands
Bulgaria	Hungary	Poland	Turkey
Croatia	Iran	Romania	UK
Czech Republic	Italy	Russian Federation	Ukraine
Finland	Kazakhstan	Saudi Arabia	U.S.A

## SPONSORSHIP AND EXHIBITION OPPORTUNITIES

Why not **join as a sponsor** or **an exhibitor**, contribute to the event's agenda, be granted extensive promotion throughout 2009 and beyond, and maximise your opportunities of networking with the region's top players?

By becoming a sponsor of the event you will ensure the most effective way to promote your organisation's products or services to a captive audience of senior and influential industry executives and decision-makers within the Russian and CIS sector. Establish your position on the very competitive Russian and the CIS market or enter it with useful contacts made at our **exhibition**.

## LIMITED OPPORTUNITIES AVAILABLE

To discuss your sponsorship or exhibition requirements in further details, please contact  
**Jekaterina Sundaralingam, Conference Manager**

**Tel:** + 44 (0) 207 067 1800

**Fax:** + 44 (0) 207 430 9513

**Email:** [j.sundaralingam@theenergyexchange.co.uk](mailto:j.sundaralingam@theenergyexchange.co.uk)

## SUPPORTED BY
