

Analytical Research Forum 2021 (ARF201)

15-16 June 2021
Online event

The [Analytical Research Forum](#) is the flagship event of the RSC Analytical Division and provides opportunities for PhD students and Early Career Researchers to present their work alongside high profile analytical scientists. This year's format consists of two half day online symposia with keynote and invited talks, panel discussions alongside a poster symposium and additional oral contributions selected by Scientific Organising Committee from the submitted abstracts.

Our 2021 meeting gives you the opportunity to promote your company to the community in an international virtual environment, you'll engage with young researchers and renowned analytical scientists from a plethora of analytical science backgrounds.
