# RSC/ChemSoc Mixer Meeting

A joint networking event hosted by the Royal Society of Chemistry Younger Members Network (Kent Section) and the Universities at Medway Chemical Society

**Wednesday 17<sup>th</sup> November 2010 – 6.30pm (7pm start)**  
**To be held at the University of Greenwich at Medway**  
**(Further details upon registration)**

This event is a great networking opportunity for young scientists in Kent. As a scientist, establishing links with colleagues and external partners/collaborators is essential to your career success.

The RSC and the ChemSoc would like to present it's members with this unique opportunity to meet other young scientists in your local area.

The evening will consist of a short talk followed by a buffet supper. We will then move on to the Student Union bar for drinks. The talk will be given by an industry expert who will be giving some extremely useful 'insider info' about life in industry.

You must be a member of either the RSC or The Chemical Society to attend. The event will be free (although you must purchase any drinks from the bar yourself). Register your attendance with the ChemSoc secretary at:
