

# Technique Selection in Separation Science

Friday, 26th November 2010, Robens Suite, Guy's Hospital, London Bridge, London SE1 9RT

Royal Society of Chemistry

Separation Science Group of the Analytical Division ([www.sep-sci.org.uk](http://www.sep-sci.org.uk))

For more information please contact: Prof. Graham Mills, School of Pharmacy and Biomedical Sciences, University of Portsmouth, Portsmouth, UK.

Tel 023 9284 2115 e-mail: [graham.mills@port.ac.uk](mailto:graham.mills@port.ac.uk)

## *Provisional Programme*

*9.00-9.45 am Registration and coffee*

**9.45-10.15 - Introduction / It's all about the molecule - Matching the analysis technique to the molecular properties**

*Prof. Dave Perrett (QMW)*

**10.15-10.45 Small / volatile molecules - To see or not to see, that is the question?** *Graham Mills (University of Portsmouth)*

*10.45-11.15 Tea Break*

**11.15-11.45 Reverse Phase - the 'One size fits all' technique, benefits and limitations**

*Tim Underwood (GSK)*

**11.45-12.15 Polar molecules-Is hydrophilic interaction chromatography a useful alternative when RP won't retain?'**

*Dave McCalley (UWE)*

*12.15-1.45 Lunch*

**1.45-2.15 Bigger molecules – What options are there for separation and analysis?**

*Andy West (GSK)*

**2.15-2.45 Ion Chromatography - Charge is an important mechanism too**

*Mark Andrew (Expro group)*

**2.45-3.15 Using Separation Science approaches to determine molecular physical properties**

*Klara Valko (GSK)*

*3.15-3.30 Closing remarks*

Registration: Includes All Sessions, Exhibition, and Lunch  
Members of the Royal Society of Chemistry, Chromatographic Society, or

BMSS: £55.00

Non-members: £75.00

Retired members: £25.00

Students: £15.00
