

RSSL Roadshow

Resolving Product Contamination Issues

21 April 2010
Loughborough

A **FREE** seminar for the Pharmaceutical, Biopharmaceutical, Healthcare, Personal Care, Cosmetics and Toiletries Sectors

A unique opportunity to learn more about techniques available through RSSL for resolving your product contamination incidents including:

- Manufacturing problems
- Counterfeit products
- Customer complaints
- Threats and extortion

Resolving Product Contamination Issues

RSSL operates Europe's most comprehensive, independent and rapid service for resolving product contamination issues.

On **21 April**, we will be hosting an event to showcase our services to the pharmaceutical, biopharmaceutical, healthcare, personal care, cosmetics and toiletries sectors.

The seminar will focus on issues related to product contamination and provide a valuable insight into the benefits of analysis. In just one morning, you will acquire an overview of the resources and scientific techniques available to enable you to respond to incidents and reduce risk to your business including:

- Identification of impurities and their potential source
- Foreign material identification
- Examination for evidence of tampering and counterfeit
- Identification of taints and off-flavours

During and after lunch you will have the opportunity to meet fellow industry professionals to discuss current industry issues and share ideas.

Book early to guarantee your place.
