

Our annual meeting is the premier Nuclear Medicine meeting in the UK and includes a large exhibition covering nuclear medicine equipment, radiopharmaceuticals, books and journals. Nuclear Medicine physicians, radiologists, radiographers, clinical scientists, radiopharmacists, technologists, nurses and veterinary colleagues will benefit from attending. The meeting is packed full of expert speakers, new topics and a fantastic educational programme with something for everyone. It's the Nuclear Medicine meeting not to miss.

#### ANNUAL LECTURE

**Nuclear Medicine Therapy**  
Professor Cornelis Hoefnagel  
Netherlands Cancer Institute  
Amsterdam

#### GUEST LECTURES

**Developments in Nuclear Medicine**  
Professor Richard Baum  
Nuclear Medicine/Center for PET-CT  
Bad Berka, Germany

**Targeted therapy and radiofrequency ablation**  
Dr Riad Salem – Northwestern University  
Medical School, Chicago, USA

**Possible diagnostic and therapeutic role for radiolabelled Glucosamine in the management of inflammatory arthritis**  
Professor Vijay Kumar  
Head of Radiopharmaceutical Research  
Westmead & The New Childrens  
Hospital, Australia

**Nuclear Medicine in North America, what can we learn?**  
Dr Alexander (Sandy) McEwan.  
Edmonton, Canada

#### INVITED REVIEWS

- PET-CT/SPECT-CT**
- What should be reported in anatomy of PET-CT  
Dr Rak Ganatra
  - Independent sector PET-CT  
Dr Tom Nunan
  - ARSAC update in PET-CT  
Mr Steve Ebdon-Jackson
  - PET-CT Board Report  
Prof Isky Gordon

**Myocardial Perfusion Imaging**

- Instrumentation and technology update -  
Professor Brian Hutton
- Hibernation  
Dr Simon Woldman
- Rubidium cardiac PET  
Dr Ashley Groves

- Cardiac CT, CT angio/CT perfusion  
Dr Tarun Mittal
- DVLA licensing
- Attenuation correction – how, when and why
- Cardiac PET  
David Gilmore

**Quantification Issues in:**

- SPECT-CT  
Professor John Fleming,  
Southampton University Hospital
- PET-CT  
Professor Brian Hutton,  
Institute of Nuclear Medicine, UCL

**Practical dosimetry in Radionuclide Therapy**  
Dr Glenn Flux, Royal Marsden Hospital

**Lymphoscintigraphy:**

- lower limb lymphoedema  
Professor Mike Peters, Brighton & Sussex Medical School
- Breast Cancer  
Mr Gordon Wishart, Consultant Surgeon in Breast Surgery

- Melanoma  
Mr Alan McKay, Consultant Surgeon
- Vulval Cancer  
Mr Peter Baldwin, Consultant in Gynaecological Oncology

**Radiochemistry, Hypoxia, angiogenesis**

- Hypoxia Imaging  
Dr Jim Ballinger, Guy's & St Thomas' Hospital
- Clinical perspective of Hypoxia  
Dr Peter Hoskins/  
Professor Michele Saunders  
Mount Vernon Hospital/UCL
- Treatment response and Imaging Biomarkers  
Dr S Madhusudan, Clinical Oncologist

**How to make the best use of PACS/ Teleradiology in NM**  
Dr Neelam Dugar, Consultant Radiologist

**Lessons from the Molybdenum shortage**  
Mr James Thom/ Professor Alan Perkins

#### Interventional Radiology

**Excellent DGH Nuclear Medicine**

- Setting up a NM Cardiac Service  
Dr Vinyaka Majuran
- Quality in a DGH NM setting  
Dr Charlotte Fowler
- Funding a NM service in a DGH setting

**Developing Technologists – the US experience**  
David Gilmore (past Chair SNMT)  
Boston, USA

**History of Nuclear Medicine Technology**  
Cybil Nielsen  
President-Elect SNMT

**Technologists' Debate**  
"Is it worth being a NM Technologist: Do we have a future?"

**Nuclear Medicine in Veterinary Practice**

## NEW FOR 2009

- Development of Therapy Services in the UK
- Trainee Technologist Education programme (Monday and Tuesday)
- Trainee Radiologist programme
- Nurses Education programme
- BNMS Awards Dinner

### EDUCATIONAL PROGRAMME

#### CT Anatomy Technologist and Nurses Masterclass Programme

- SPECT-CT
- MSc nuclear medicine research case study presentations
- Cardiac stressing for Nurses and Technologists
- IV Cannulation for Nurses and Technologists

### PROFFERED PAPERS

### POSTERS

### SPECIAL INTEREST GROUPS

- Clinical scientist forum
- Medics forum
- NM SpR forum
- Nurses forum
- Radionuclide radiologists forum
- SAC
- UK therapy forum
- UK PET group

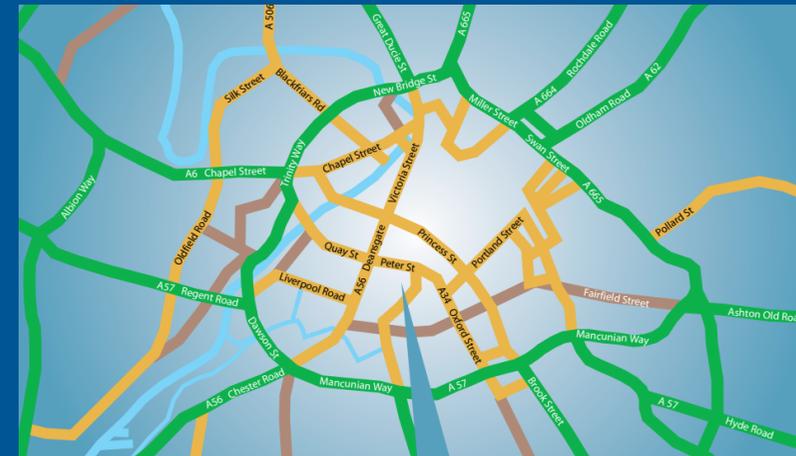

### BNMS AWARDS DINNER (Tuesday)

At the world famous Manchester United Football Club, Old Trafford.

- Young Investigator prize for entrants under 35
- Best paper
- Poster
- Multimodality oral and poster
- Technologist oral and poster
- Student abstract

### Location map of Manchester Central

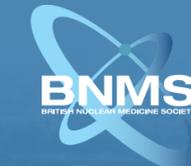

Manchester Central is situated in the centre of Manchester, very convenient for hotels, transport and city life.

Manchester Central  
(G Mex Centre), Windmill St,  
Manchester, Lancashire, M2 3GX  
Tel: 0161 834 2700

### Contact

British Nuclear Medicine Society  
Regent House  
291 Kirkdale  
London  
SE26 4QD
