

Solvents Day

Green Solutions for Your Solvent Problems

**Free
Event**

Tuesday, 21st March 2017, 9.30am–5pm

Green Chemistry Centre of Excellence, Department of Chemistry, University of York

A free one-day symposium on safer, greener and more sustainable solvents.

- Learn which widely used solvents will be restricted / banned in the near future and the alternatives that the GCCE can help to find.
- Find out which alternative solvents are sustainable and economically attractive compared with conventional organic solvents.
- Guidance on how we can help your business with greener solvents from our experts in solvents research from the Universities of York, Leicester, Bath & Nottingham.
- Listen to talks from companies that can supply alternative solvents and those who are currently benefitting from using them, such as Circa and Steven Abbott TCNF Ltd.
- Opportunities for knowledge transfer, discussion and networking.
- Demonstration of CHEM21 online solvent selection tool and associated learning resources.
- Taster session on CPD Course “Solvent Selection and Substitution”.

Who Should Attend?

This symposium would be of interest to academics and industrialists working in all areas where solvents are used including chemicals and pharmaceuticals, cleaning, formulations, inks and pigments, extractions and analysis.

Register your place for free by Monday 13 March 2017 at <https://solventsday2017.eventbrite.co.uk>

CHEM21 is Europe's largest public-private partnership dedicated to the development of manufacturing sustainable pharmaceuticals and brings together six pharmaceutical companies (GlaxoSmithKline, Bayer, Janssen, Orion, Pfizer and Sanofi), 13 Universities and four small to medium enterprises from across Europe (www.chem21.eu). CHEM21 has received funding from the Innovative Medicines Initiative Joint Undertaking under grant agreement n°115360, resources of which are composed of financial contribution from the European Union's Seventh Framework Programme. (FP7/2007-2013) and EFPIA companies' in kind contribution. www.imi.europa.eu
