The John Innes Centre is located on Norwich Research Park, Zone 2.

Enter the site through the main gate and follow the road down the hill and round the corner. You may park in any of the spaces on the right-hand side though you should avoid the numbered bays at the end of the road.

We shall meet James Piercy, Communications and Engagement Officer and Thom Brennan the Conference Centre Manager at the Conference Centre. You can find this adjacent to the road barrier at the bottom of the hill you drove down to enter the site.

On arrival you will be asked to leave your registration numbers.
