

eBooks Evidence Based Acquisition

Data driven eBook choices

Finding the time to make reliable decisions around your eBook collection can be complex and difficult. We want to help you make informed evidence-based choices to save time, avoid wasteful expenditure and curate invaluable collections. Our expert team will guide you through your options for all budgets.

Build an eBook collection your users need in 3 easy steps

1

Agree to a deposit amount for a year's access to our entire eBook collection

2

Build intelligence around which eBooks your users access, with valuable metrics and reports

3

After 12 months, decide which books to buy with your deposit spend. Alternatively, you can choose to extend your EBA period.

1,800+ eBooks to choose from

Our subject coverage is vast and global. Open up access to specialist eBooks from the UK's only chemical sciences society publisher.

Discover our EBA model developed to support you

- Inform your acquisitions strategy – use our authoritative usage data to evaluate user behaviour and recognise trends
- Control your spend – agree on your budget, handpick your own eBooks, and build a collection to match what your users need
- Streamline workflow – digital rights management (DRM) free, unlimited users and MARC records provided
- Receive access to our entire eBook portfolio at a fraction of their market value, enhancing your access to valued titles.
