Supporting figures

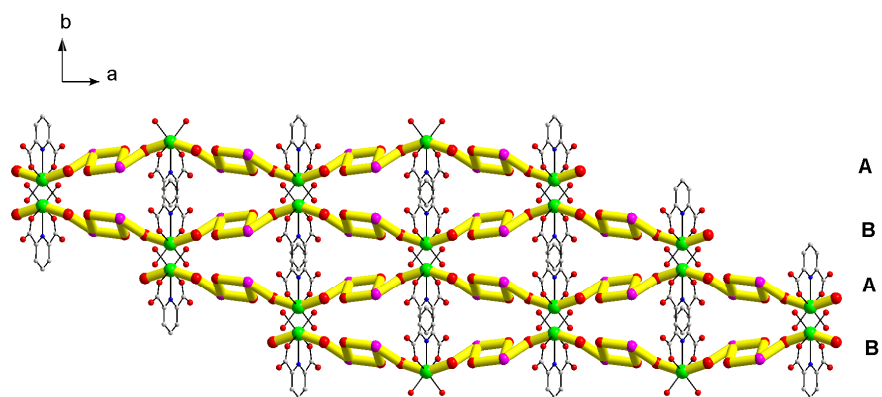

Figure S1 The packing structure of **8** with ABAB array along *c* axis. Color codes: green, Ce; purple, Ag; red, O; gray, C; blue, N; yellow lines, 1D CeAg₂ chains.

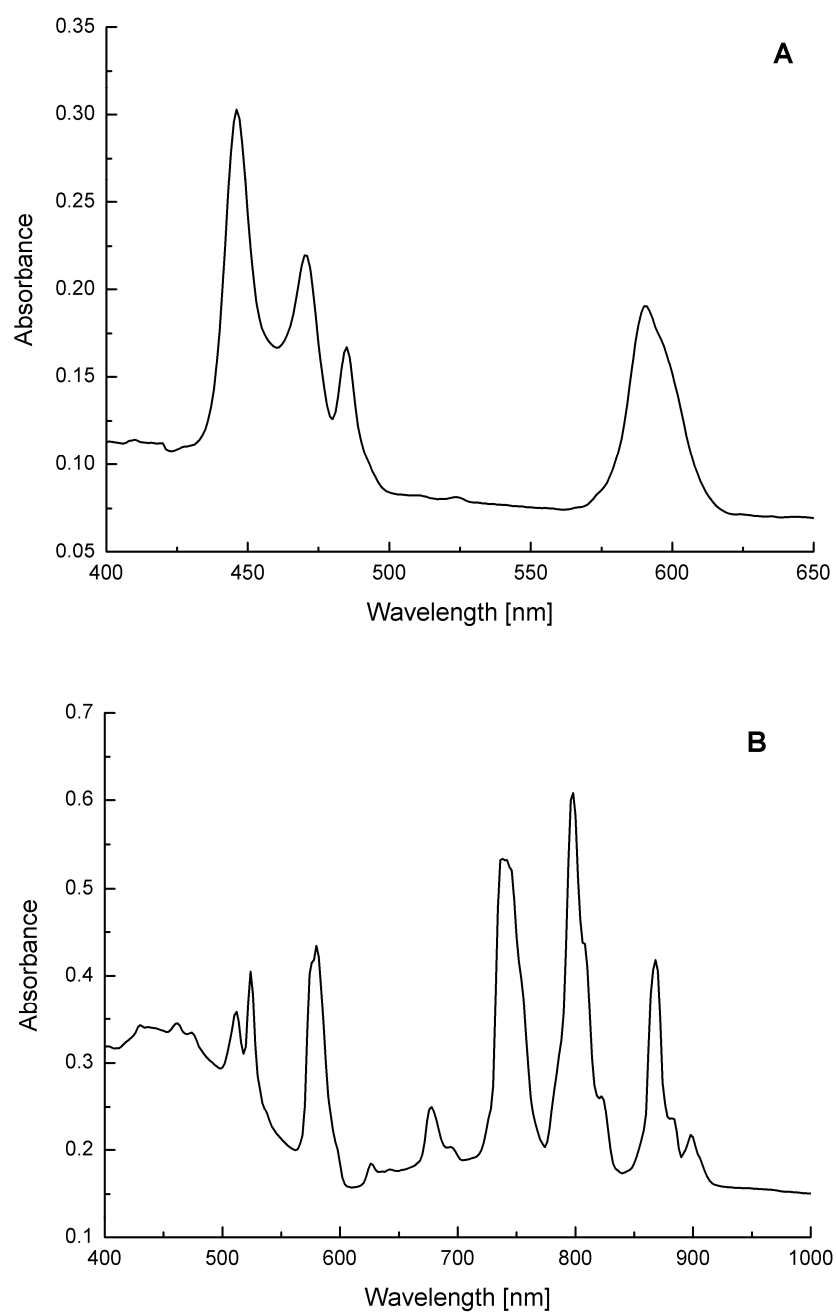

Figure S2 The UV/Vis absorption spectra of **1** (A) and **3** (B) in the solid state.

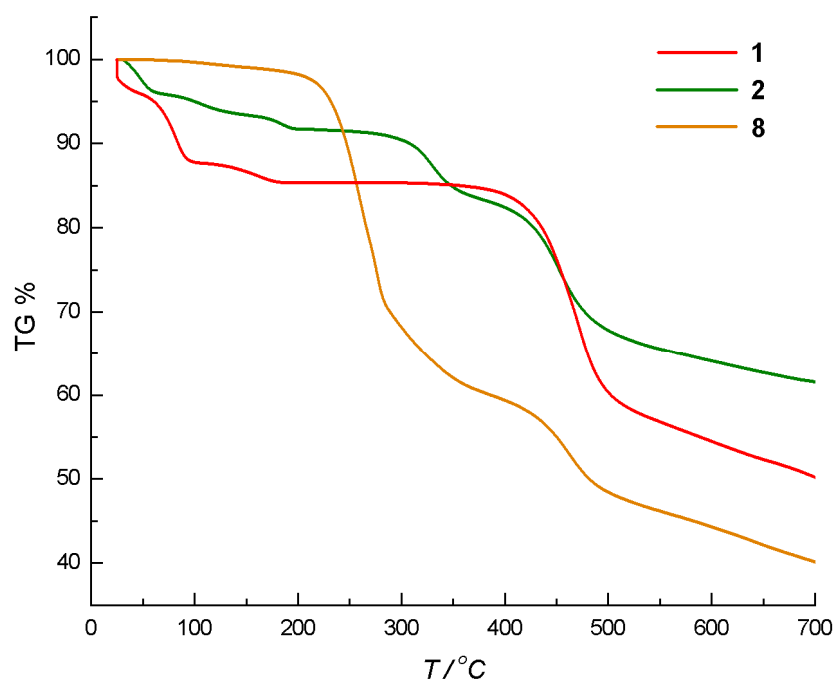

Figure S3 TGA diagrams for **1**, **2** and **8**.
