**Fig.S1.** Size distribution of the obtained raspberry-like particles.

**Fig.S2.** (a) Photo of the obtained  $\text{Fe}_3\text{O}_4@\text{PDA}$  dispersed in water. (b) Wetting behavior of water on the  $\text{Fe}_3\text{O}_4@\text{PDA}$  surface.

### Supplementary movie captions

**Movie S1:** This movie shows the wetting behavior of water on the surface of SA-5% layer.

**Movie S2:** This movie shows the wetting behavior of water on the surface of SA-10% layer.

**Movie S3:** This movie shows the wetting behavior of water on the surface of SA-15% layer.
