**Fig. S1.** Size distribution histograms for EGaIn (top), EGaIn@MoO<sub>x</sub> (middle), and EGaIn@MoO<sub>x</sub>S<sub>y</sub> (bottom). The percentage for each size range is marked on the top of each column. The mean and standard deviation values for each material are in the top right corner.

**Fig. S2.** Raman spectra of a) EGaIn, b) EGaIn@MoO<sub>x</sub>, and c) EGaIn@MoO<sub>x</sub>S<sub>y</sub> microparticles.
