

SUPPLEMENTARY INFORMATION Bio-doping of regenerated silk fibroin

solution and films: a green route for biomanufacturing

A. Sagnella,^{†a} C. Chicco^{†b}, N. Di Virgilio^{b*}, S. Toffanin^c, T. Posati^a, A. Pistone^d, S. Bonetti^c, M. Muccini^c, G. Ruani^{c*}, V. Benfenati^{d*}, F. Rossi^b and R. Zamboni^d.

Supplementary Informations

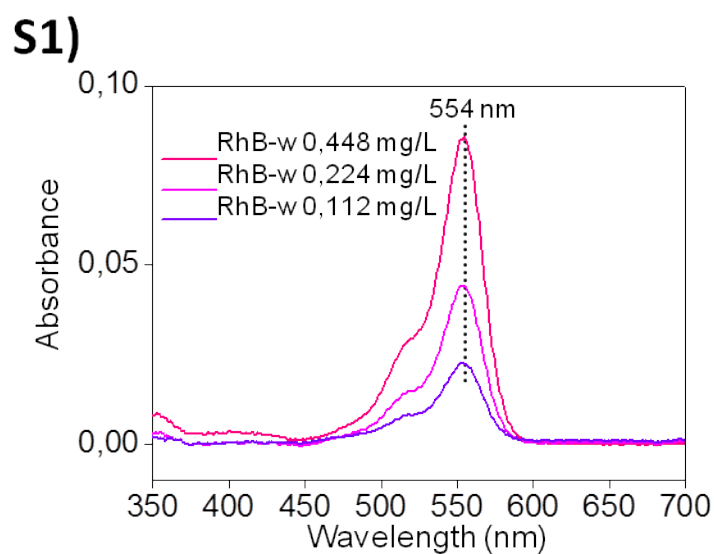

Figure S1 UV-VIS absorption spectra of RhB dissolved in water at different concentrations of dye (0,448; 0,224; 0,112 mg/L).

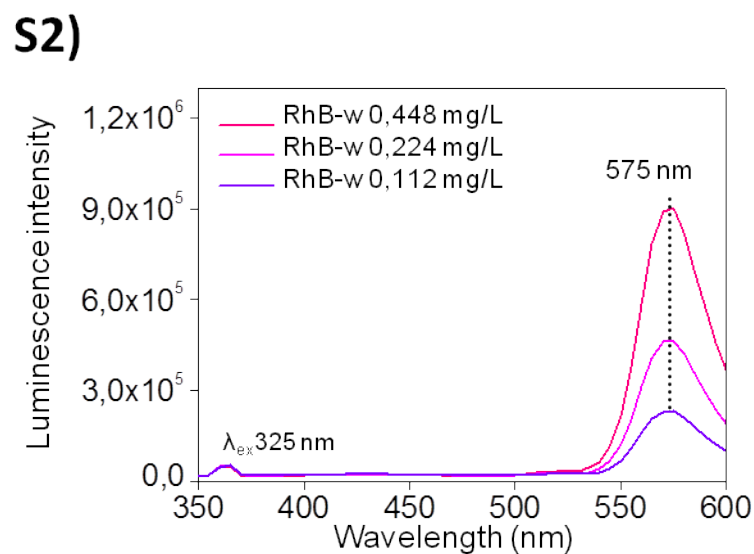

Figure S2 Emission profiles recorded by exciting at 325 nm RhB dissolved in water.

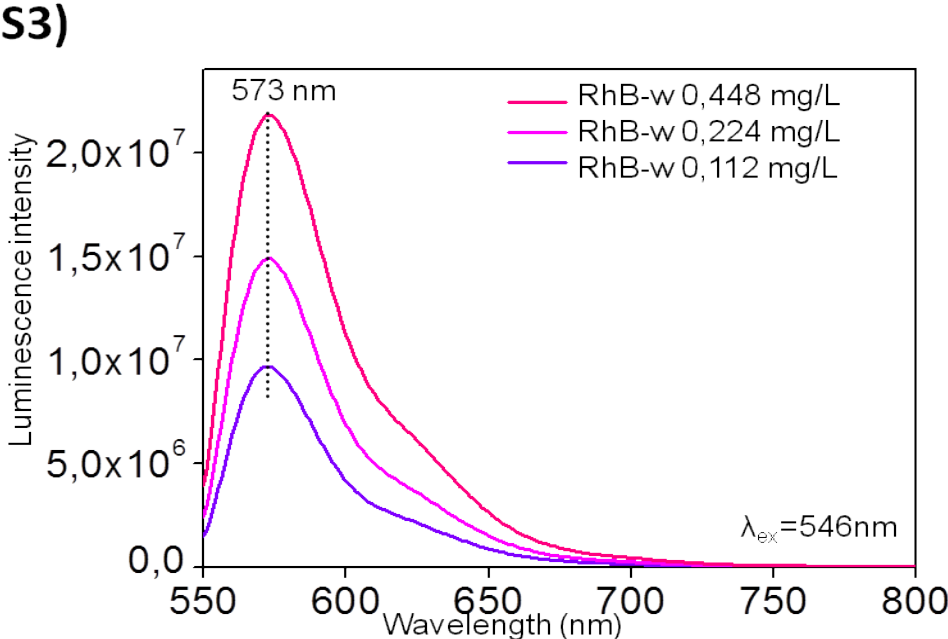

Figure S3 Emission profiles recorded by exciting at 325 nm RhB dissolved in water.
